NUCLEAR ARMS REDUCTION

Hadassah, the Women's Zionist Organization of America, as an organization committed to the health and well-being of all people, expresses its special sense of responsibility to support efforts to end the proliferation of nuclear weapons and ultimately the elimination of all nuclear armaments which endanger the security and survival of this and future generations.

We support a bilateral and mutually verifiable freeze. We express the hope that current nuclear arms reduction talks between the United States and the Soviet Union will lead to an agreement on a significant, mutually verifiable and balanced reduction of their nuclear arsenals.
