

VOTER REGISTRATION AND PARTICIPATION

Hadassah, the Women's Zionist Organization of America, is concerned about the precipitous decline in the numbers of Americans, Jews as well as non-Jews, who vote. This precious right can be preserved only by an electorate who cares enough to protect it.

We support measures to facilitate voter registration in order to remove barriers to greater electoral participation, particularly among college students and young people.

Hadassah strongly urges its members, as well as the entire community, to register and vote in elections so that our concerns will continue to be addressed by our democratic system.
