

“Handprint Menorah” Project

Supplies:

Finger paint
Paper
Glue or Gluestick (optional)
Glitter (optional)

Instructions:

Help child dip hands into Finger paint and place on page with thumbs overlapping. The four fingers on either side of the thumbs become the candles and the thumbs create the *Shamas*.

(Optional) Add light and sparkle to your menorah by creating candle flames with a dab of glue at the top of each “finger candle”. Sprinkle glitter over the glue to make the flames sparkle.

This project can be used as a decoration for “custom made” *Hanukkah* cards, as a wall decoration, for placemats, or as part of a *Hanukkah* memory book.

“Macaroni Menorah” Project

Supplies:

Pasta odds and ends: Penne, Shells, and Spiral pasta work well
Glue
Construction Paper or Cardboard
Pencil
Paint (optional)
Paintbrush (optional)

Instructions:

Draw a menorah shape on the paper or cardboard. Place glue over the drawn lines and cover with different shaped pasta. Penne and spirals work well for the candles, Shells work well for flames.

(Optional) Paint the pasta before or after it is glued onto the paper or cardboard.

This project can make a special “gift” to a family member or friend, or can be used as a decoration during the holiday.
