Health

We treat one million patients a year without regard to race, religion or nationality. In fact, HMO was nominated for a Nobel Peace Prize.

At [Hadassah Medical Organization](#), a diverse community of healthcare professionals work side by side to deliver superlative patient care, and to carry out medical research that impacts people in every corner of the globe. HMO receives severely ill or injured patients whom other hospitals turn away because they lack the expertise to heal them.

Hadassah has two remarkable hospitals—Hadassah Mount Scopus, a community hospital built in 1949, and Hadassah Ein Kerem, a tertiary care facility built in 1961. Hadassah Ein Kerem is home to the Charlotte R. Bloomberg Mother & Child Center and the new state-of-the-art inpatient facility, the Sarah Wetsman Davidson Hospital Tower, which was dedicated in 2012. The Hadassah-Hebrew University School of Medicine is also located in Jerusalem.

In 1962, renowned artist Marc Chagall selected the Abbell Synagogue at Hadassah's hospital in Ein Kerem as the site of his twelve iconic stained glass windows, representing the twelve tribes of Israel. At the installation of the breathtaking works of art, the artist said, "This is my modest gift to the Jewish people, who have always dreamt of biblical love, friendship and of peace among all people."

To make us laugh- each newsletter we will have a joke by EVA

A 65 year old woman had a heart attack and was taken to the hospital.

While on the operating table she had a near death experience.. Seeing God she asked "Is my time up?"

God said, "No, you have another 33 years, 2 months and 8 days to live."

Upon recovery, the woman decided to stay in the hospital and have a face-lift, liposuction, breast implants and a tummy tuck.

She even had someone come in and change her hair color and brighten her teeth! Since she had so much more time to live, she figured she might as well make the most of it.

After her last operation, she was released from the hospital. While crossing the street on her way home, she was killed by an ambulance.

Arriving in front of God, she demanded, "I thought you said I had another 33 years? Why didn't you pull me from out of the path of the ambulance?"

God replied: "I didn't recognize you."
