

As I finish my second year as President of the Houston Chapter of Hadassah, I want to tell you all what a wonderful experience it has been representing the awesome members of our chapter. The past two years have had some challenges because of the office move and Harvey, but business went on as usual because our staff and members are committed to supporting Hadassah's medical research, education, and treatment, as well as our advocacy efforts to end human trafficking, to ensure gender equality in medical research, and to support a strong relationship between the United States and Israel. One of my favorite parts of being your President was visiting the different groups and meeting you all.

I am hoping you all will join me at the Breast Strokes "The Big Reveal" on January 14 at the Citadel. It will be a fun evening, so please plan to be there. If you didn't get your invitation in the mail, call the office, 713-661-1022, so we can send you one.

Thank you all for everything you do to keep Hadassah strong and growing. Kirk and I wish you and your loved ones a happy, healthy 2018.

Fondly,

Sandra Binder Smith
