# STEM CELL WALK-A-THON MAY 7, 2017

Dear Hadassah Supporter,

**You can play a vital role in helping us turn RESEARCH into CURES!  
The POWER to CURE is IN YOUR HANDS.**

**HADASSAH UPDATE:** Researchers at HMO are collaborating with teams from around the world to find a cure for Parkinson's Disease. Regenerative therapy, using stem cells, targets the production of new dopamine. While more research needs to be done to ensure the success of regenerative therapy for Parkinson's Disease, stem cells hold great promise for the transformation from treating symptoms to restoring health.

**STEM CELL TREATMENTS** offer hope in eradicating Alzheimer's, ALS, Autoimmune Conditions, Cancers, Diabetes, Joint/Bone Diseases, Leukemia, Lymphoma, Macular Degeneration, Multiple Sclerosis, Parkinson's Disease, Spinal Cord Injuries, Strokes, Traumatic Brain Injuries and more.

**AS A SPONSOR** You will be supporting our Hadassah's Researchers in their efforts to make a difference in millions of lives around the world. Corporate and Individual Sponsorship opportunities include:

Research Champion	\$10,000 +
Research Benefactor	\$5,000
Research Visionary	\$3,600
Research Guardian	\$2,500
Research Patron	\$1,800
