

2014 HADASSAH

Leadership

AWARD

is honored for leadership skills that exemplify the mission and ideals of Hadassah and for fulfilling the words of our leader and founder Henrietta Szold:

"So I wish for you—and it is a wish for all of us—that strength of body may be added to strength of mind and spirit, so that you may be able to grasp every opportunity, and miss none, to make your gifts available for the Jewish cause."
