

Congratulations!

We have just tallied our eighth “Readers’ Choice” survey. The overwhelming response by our readers shows how much they appreciate and care to recommend fine business and professional role models. You will be pleased to learn that your business, medical practice, or institution was given a “thumbs up” as one of the best in its category.

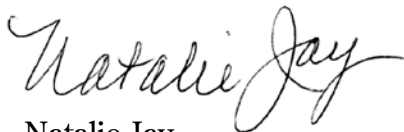

This is a valuable vote of confidence, loyalty and trust from the Jewish community in Bergen, Hudson, Passaic, and Rockland counties, a niche market sought after for its extraordinary buying power.

Our readers are passionate about the choices they make when shopping, dining, having fun, planning an event, providing the best for their families and finding trusted healthcare or home service professionals.

All winners will be showcased in a special “Readers’ Choice” magazine on July 28, 2017, inserted into The Jewish Standard. For curiosity, fun and facts, it is always very well read and kept for reference.

You should be very proud to be held in such high esteem.

Wishing you continued success,

Natalie Jay
