

Breast Strokes – The Big Reveal Honorary Chair is Gary Bodner, MD, FACOG, a retired ob/gyn who practiced in Metro Atlanta for 38 years. BRCA gene testing was recommended to a large number of his patients. One of Dr. Bodner's main interests was to advise breast cancer patients of their risks of other diseases and the implications for family members.

Dr. Bodner and his wife Melanie have been married for 40 years. They have 2 children and two granddaughters. The Phi Beta Kappa graduate of Miami of Ohio received his medical degree from Chicago Medical School and completed his internship and residency at Emory University, where he was chief resident.

Dr. Bodner maintains an extremely busy schedule as a very talented artist, having worked on his artistic craft for well over fifteen years. He is presently painting full time, showing in five galleries and giving painting workshops. He received the Southeast Painter of the Year Award from the Huntsville Art Museum in 2010.
