Mission

Hadassah, the Women's Zionist Organization of America, is a volunteer organization that inspires a passion for and commitment to its partnership with the land and people of Israel. It enhances the health of people worldwide through its support of medical care and research at the Hadassah Medical Organization in Jerusalem. Hadassah empowers its members and supporters, as well as youth in Israel and America through opportunities for personal growth, education, advocacy and Jewish continuity.

History

The history of Hadassah begins with the extraordinary Henrietta Szold in the year 1912. A trip to desolate pre-State Israel profoundly affected her. She devoted the rest of her long life to the health and well-being of her people and what was to become their Jewish homeland. The results of her “practical Zionism” can be seen today in Hadassah’s two world-class medical centers, including the soaring Sarah Wetsman Davidson Hospital, in Jerusalem.

Vision

Our vision: Building a world where our Jewish values in action create strong community and an enduring Israel.

Promise

Our promise: Connecting and empowering Jewish women to effect change.
