

Gender Equity in Medicine

Keynote Speaker
Virginia M. Miller, MBA, PhD
 Professor of Surgery and
 Physiology and Director of Women's
 Health Research Center, Mayo Clinic,
 Rochester, MN

**Girls/Women
Expect
Medical Parity**

Sunday, October 15, 2017
10:00 a.m.
Beth El Synagogue
5225 Barry St. W.
St. Louis Park
\$10 per person in advance
\$15 at the door

Light Continental Breakfast
Bring your family and friends—
program open to all

Co-sponsored by
Hadassah Minneapolis and St. Paul

- Dr. Miller's topics will include:**
- The importance of including female subjects in medical research
 - Why women and men may have different symptoms for the same illnesses
 - How and why drugs may affect women and men differently
 - What we can do to make important changes
 - Questions to ask your doctor

Questions? Need more information?
Contact Sue Blehert
sblehert@q.com or call the Hadassah
Office 952-924-9999

Women and men often present different symptoms for the same diseases and react differently to certain drugs, medical devices and treatments.

Gender disparities in medicine—among research subjects, and in health care access and delivery—put women at risk for misdiagnoses, ineffective treatments and compromised care.

Learn the importance of advocacy and personalizing medical care based on gender/sex. The program will include opportunity for questions/answers.

Send in your RSVP with your check made out to Hadassah by Oct. 6 to Linda Eisenstadt, 1077 Sibley Memorial Hwy, #400, St. Paul, MN 55118

Purchase handmade items from the Hadassah Minneapolis Craft Co-op. Hadassah Cards and Certificates will also be available for purchase.

Please refrain from wearing perfume/fragrances. Someone near you might be allergic.
